

## DIPALESENG LOCAL MUNICIPALITY

### PUBLIC NOTICE

The country has been placed on adjusted COVID Alert level 4 as the country has been experiencing rapid increases in infection and well as fatality rates due to the pandemic.

The municipality's Licensing Unit will only operate on set days being Monday, Wednesday and Friday. This is based on COVID-19 regulations which stipulate that only a certain percentage of the entire workforce can be at work at any given time. The unit renders the following services to the community on a first come first served basis;

**Monday** – PrDP and Driving License renewals, Registrations of Motor Vehicles and Applications for Road worthy tests.

**Wednesday** – Learners License test, Booking of new applicant for Drivers license and Testing and Applications for Road worthy tests.

**Friday** – Booking for new applicant for Drivers License and Testing, Registrations of Motor Vehicles as well as Applications for Road worthy tests.

We understand that this translates to limitations in terms of service delivery particularly the number of clients that can be assisted under this lockdown level.

Your patience and understanding is appreciated.

**MRS B KHANYE**  
**ACTING MUNICIPAL MANAGER**

**14 July 2021**
