

DIPALESENG LOCAL MUNICIPALITY

PUBLIC NOTICE

ELECTRICITY SUPPLY DISRUPTION – BALFOUR NORTH

The community is hereby informed of an electricity supply disruption currently affecting parts of Balfour North, including Vincent and Themba Shoji Streets, Half of Dyer Street, Upper Minnaar Street and adjacent areas directly fed by the local miniature substation

This outage is due to a cable theft and vandalism incident that occurred in the early hours of Monday morning, around 02h00, at the miniature substation located at the corner of Vincent and Themba Shoji Street.

A service query was logged with Eskom under reference number 950661088 and technicians have since restored power to healthy sections of the network that are isolated from the fault.

The affected areas will remain without supply until the appointed service provider attends to the termination, jointing work, and replacement of the stolen cable and as a result the Municipality is unable to provide a definitive timeframe for the restoration of power.

We understand the inconvenience caused and urge affected residents to remain patient as restoration efforts are underway. Updates will be provided as progress is made.

We sincerely apologize for the inconvenience caused and appreciate your patience and understanding during this time.

MR. LWAZI CINDI
