

DIPALESENG LOCAL MUNICIPALITY

PUBLIC NOTICE

Water Supply Disruption – Entire Grootvlei

This notice serves to inform the community of the disruption of water service provision affecting the entire Grootvlei area.

This is as a result of low water levels being experienced by Eskom Power Plant; however, the power utility has committed to pump at permissible intervals as soon as state of dam levels improves.

We sincerely apologize for the continued inconvenience and appreciate your patience while attempts to achieve normal water supply as quickly and safely as possible are implemented.
