4.14 Arrangements to Pay Outstanding and Due Amount in Consecutive Instalments

- a) One of the key objectives of debt collection is to encourage debtors to start paying their monthly accounts in full. In addition it is also necessary to ensure that arrear debt is addressed. The current average balances on consumer accounts necessitates that innovative ideas be implemented to encourage consumers to pay off their arrears. At the same time it is also of utmost importance that regular payers not be discouraged through the implementation of any possible incentives.
- b) The main aim of an agreement will be to promote full payment of the current account and to address the arrears on a consistent basis. A debtor may enter into a written agreement with the Municipality to repay any outstanding and due amount to the Municipality under the following conditions:
 - i. Re-connection and disconnection fees, where applicable, must be paid in full before any Acknowledgement of Debt can be entered into
 - ii. The outstanding balance, costs and any interest thereon shall be paid in regular and consecutive monthly instalments;
 - iii. The current monthly amount must be paid in full; and
- c) The written agreement has to be signed on behalf of the Municipality by a duly authorised officer. In order to determine monthly instalments, a comprehensive statement of assets and liabilities of the debtor must be compiled by a treasury official. To ensure the continuous payment of such arrangement the amount determined must be affordable to the consumer, taking into account that payment of the monthly current account is a prerequisite for concluding an arrangement.
- d) Acknowledgement of Debt may not be granted where
 - i. Arrears have arisen due to dishonored cheques, direct debit reversals etc.;
 - ii. Instances of repeated meter tampering have been identified at the discretion of the Accounting Officer
 - iii. The services have been removed; or

- e) Should any dispute arise with respect to the amount owing, the debtor will continue to make regular payments based on the average charges for the preceding three (3) months prior to the dispute, plus interest where applicable.

- f) The amount of the down payment and the period of the Credit Agreement shall be at the discretion of the Chief Financial Officer.

4.15 Interest on Arrears

Interest will be charged on arrear accounts at a rate as determined by Council from time to time, provided that this rate does not exceed the rate as stipulated in Chapter 5 of Regulations to the National Credit Act, Act no 34 of 2005

The following principles **(as a once off initiative)** may also be implemented to enhance the success of a debt collection drive:

- a) Levying of interest on arrear accounts should be immediately suspended upon completion of a debt agreement. This will allow debtors to see progress on their accounts, as continued payments will reflect a decrease on the balance.
- b) As long as the agreement is honoured no further interest will be added. However, in case of defaulting the suspended amount will be reversed and interest will again be levied from date of default.
- c) Where a debtor pays 50% or more on his arrear account or settles the arrear account in full through a once off payment, all interest on arrear amounts will be written off immediately.
- d) Where arrangements are made to pay off the arrear amount in instalments, such instalments should be determined on the outstanding amount excluding arrear interest. Such an arrangement should be honoured for at least a six-month consecutive period where after interest on arrear amounts will be written off on a monthly basis. This arrangement will imply that upon payment of the final instalment all interest on arrear amounts will have been written off.
- e) Where debtors fail to honour their arrangements without prior consultation interest will be reinstated and added to the original debt amount. Notice that services will be discontinued due to arrear account will be given 5 days prior to discontinuance of service.

4.16 Reconnection of Services

The Chief Financial Officer or his/her delegate shall authorise the reconnection of services or reinstatement of service delivery only after satisfactory payment or arrangement for payment has been made according to the Municipality's Credit Control Policy.

4.17 Deductions from Salaries and Allowances

- a) Municipal officials arrears will be dealt with in accordance with Schedule 2 of the Systems Act, and in terms of any procedures, method or actions referred to in this Policy. Notwithstanding any other procedure, method or action that may be taken in terms of this Policy, the Municipality shall deduct any outstanding amount from such staff members' salary after this 3 (three) month period.
- b) In accordance with Schedule 1, item 12A of the Systems Act, a Councillor of the Municipality may not be more than 3 (three) months in arrears for municipal service fees,

surcharges on fees, rates or any other municipal taxes, levies and duties levied by the Municipality. Notwithstanding any other procedure, method or action that may be taken in terms of this Policy, the Municipality shall deduct any outstanding amount from such Councillor's remuneration after this 3 (three) month period

If a person was previously an indigent, he will cease to be an indigent when he becomes a councillor or official and he will be liable for payment of all services on the property he is living on from the date he becomes a Councillor or Official of the Municipality.

Likewise, all agents are to be supplied with a copy of the credit control measures. Clear instructions to agents and other arrangements must be explained for the customers' benefit. Under no circumstances may agents negotiate terms, extend payment periods or accept cash on behalf of municipality, unless specifically instructed in writing to do so. The agent, on request by consumers, must produce this instruction.
- 7.2 The costs to the Municipality and to the debtor must be detailed for each stage of the credit control measures and for all possible actions. The liability for the costs of legal action and other credit control actions must as far as is legally possible be for the account of the debtor.
