2. INTRODUCTION

The Minister of Finance first announced during the February 2016 Budget Speech and the October 2016 Medium Term Budget Policy Statement that the National Treasury would issue regulations on cost containment measures for local government. This is in line with Government’s policy to implement cost-saving measures across all three spheres of government to assist in re-prioritising expenditure and free up resources that can be better targeted towards service delivery.

The Draft Regulations were first published for public comment on 16 February 2018. The Regulations were finalised and published on 7 June 2019 in the Government Gazette, with the effective date being 1 July 2019.

Section 168(1)(b) and (p) of the Municipal Finance Management Act (Act No. 56 of 2003), provides that the Minister may regulate financial management and internal controls and any other matter that may facilitate the enforcement and administration of the Act. The Local Government: Municipal Finance Management Act, 2003: Municipal Cost Containment Regulations, 2019 are aimed at ensuring that the resources of municipalities are used effectively, efficiently and economically.

The Regulations form part of cost-cutting measures by the state as it seeks to improve its balance sheet. The Regulations also set out instructions for the Municipality to develop their own cost containment policy as a minimal measure to ensure good governance. The policy must provide for monitoring measures, procedures for review, and consequences for non-adherence. The policy must be reviewed annually and communicated on the Municipality's website.
